Reading

2nd Grade AMI Packet - Day 1

My first hay ride was quite an adventure. One fall day, my sister and I decided that a hay ride would be a lot of fun. When we got to the farm, my sister said, "Ben, do you think we could get hurt?" I told her we wouldn't because it was really safe. We both hopped up on the wagon and the tractor started to pull us. It was just my sister and me on the hay ride. All of a sudden, a puppy jumped up on the wagon and scared my sister so much that she jumped off the hay ride. The tractor stopped. I jumped off to check on my sister. She was laughing. "Ben! You told me this was safe!" I was happy she was okay.

1. Who are the main characters?

2. Why did his sister jump off of the wagon?

3. Write one quote that Ben's sister said.

Name: _____

Math

2nd Grade AMI Packet - Day 1

Circle the hundreds.

Put an X on the tens.

Underline the ones.

856 953 356

264 725 105

659 326 335

Find the missing addend.

$$5 + \underline{\quad} = 6$$

$$3 + \underline{\quad} = 5$$

$$2 + \underline{\quad} = 5$$

$$7 + \underline{\quad} = 8$$

$$0 + \underline{\quad} = 5$$

$$3 + \underline{\quad} = 6$$

Practice your fast math.

$$5 + 6 = \underline{\quad}$$

$$4 + 5 = \underline{\quad}$$

$$3 + 8 = \underline{\quad}$$

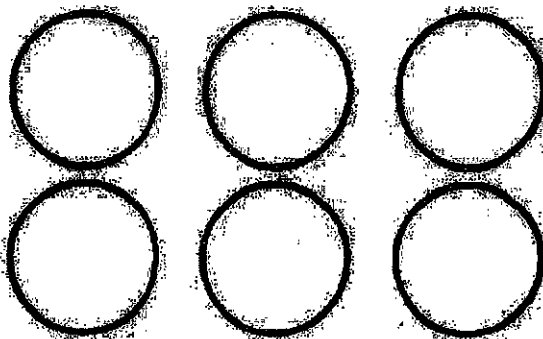

$$5 + 5 = \underline{\quad}$$

$$6 + 6 = \underline{\quad}$$

$$8 + 2 = \underline{\quad}$$

$$9 + 4 = \underline{\quad}$$

Pair up the circles. Circle if this set is even or odd.

Even?

Odd?

Even numbers are paired up with no leftovers.
Odd numbers are paired up with one leftover.
