## Students dissect cow eye

By PEYTON SULLINS

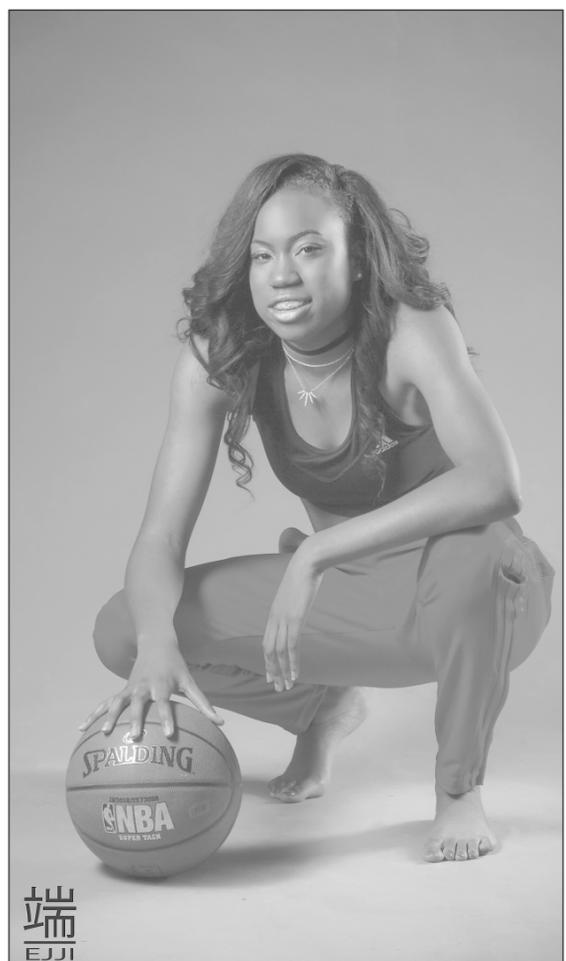

Students in Anatomy and Physiology class at Gosnell participated in a cow eye dissection on Tuesday, January 10, 2017. Students were given their own cow eye and the proper tools for dissection. Students paired up during the dissection and

worked together to cut away muscle around the eyeball and to identify different structures in the eye. Senior Abby Hurley commented, "Dissecting the cow eyeball was very fun and educational. I loved learning about the different structures in the eyeball and enjoyed the hands-on experience."

## SENIOR SPOTLIGHT: SHAE ROBINSON

By ADDIE HATLEY

Shae Robinson was born on June 23, 1999 in Blytheville, Arkansas. She is the daughter of Shontilla Cook and Gregory Robinson. She is an only child. Her hobbies and interests include Key Club, Spanish Club, basketball and track. Special awards or honors that she has received is being selected for the Debutante Cotillion.

One word that best describes her is charismatic because "I like to inspire other people." Her advice to incoming freshmen is to take each opportunity no matter how difficult, use as a chance to grow.

A quotation that she lives by is Corinthians 16:13 - "Be on your guard; stand firm in the faith; be courageous; be strong." She lives by this because she believes that you are going to face the world and you aren't going to know how it's going to hit you.

Her most memorable moment is when she came in first in the track meet for four by one. Her most difficult challenge so far has been passing Algebra.

Some of her favorite things about being a senior is "more freedom than usual and I feel more like an adult." Something she will miss the most after graduating is seeing the look on people's faces in the hallway.

Her plans after high school are to go to Baylor University and study four years of Electrical and Computer Engineering.

One important lesson that high school has taught her is that "the same people you walked in with as a freshman, you will not walk out with as seniors. You might have some, but I guarantee not many."

As she leaves Gosnell High School she would like to be remembered as a good student with a little twist of fun and excitement.

Her best friend through high school has been Lyric Lacy because "She's always on me about staying focused and thinking ahead."

Her favorite teacher has been Mrs. Hendrix because "she's the most lovable teacher ever. She can make your bad days into the best days ever."

Her favorite high school class has been Algebra II because math is her favorite subject and she enjoys the challenge.

To her parents she says, "I thank you guys for the twelve years but I'm growing and I'm grateful for the way you have raised me up to be independent and make it on my own."

## Clothing Management Tie Dyes

BY ADDIE HATLEY

Mrs. Crosskno's second period Clothing Management spent three days making tie dye shirts which was part of the curriculum. Sophomore Haylee Swafford said, "It was really fun but also messy. All the shirts turned out cute in the end!" Pictured are: Raven Beal, Jordan Fultz, Savannah Rzeznikiewicz, Sierra Fry, Callie Reams, Taylor Ryan, Carrie Brooks, McKenzie Kelley, and Natalie King. Third Row: Camajae Brown, Alyssa Vandorn, Dashanay Wilson, Mallory Burrow, and Haylee Swafford. Second Row: Caitlyn Smith, Da'dreuna Riley, Janala Adams, and Monica Bird. Front Row: Tyisha Reed and Larisa Childs.

## SENIOR SPOTLIGHT: DANIEL ROBINSON

By ADDIE HATLEY

Daniel Robinson was born on September 14, 1998 in Blytheville, Arkansas. He is the son of Tracie and Mark Robinson. He has one older brother, Matthew and one younger sister, Elizabeth.

He enjoys playing baseball and being in FFA and Spanish club. One word that best describes him is supportive because "I care about people that need someone to talk to."

Three things on his bucket list are to play in the MLB, go to a NFL game, and drive a supercar.

Some advice that he has for incoming freshmen is "Always do your work." His most difficult challenge so far has been all the homework.

His favorite thing about being a senior is the small amount of homework. Some-

thing he will miss the most after graduating is being able to be with his friends.

His plans after high school are to work at Nucor. High school has taught him is to pay attention in class.

His favorite teacher has been Mrs. Quick because she always has fun with the students. His favorite class has been shop because he gets to do what he likes to do.

His best friend through high school has been Matthew Miller.

Matthew Miller said, "Daniel and I have been friends forever. We grew up playing baseball together. He's that type of friend that will always be there for you no matter what's going on. He's one of my very best friends."

As he leaves Gosnell High School he would like to be remembered as a respectful student.
