GHS Student Attends the M.A.S.H. Program

By MIA HENDERSON

Junior Madison Terrell attended the M.A.S.H. program during the summer of 2017. Funded by UAMS, the M.A.S.H. program is for a hand-picked selection of students who have interest in pursuing a career in the medical field. Participants attended the program for two weeks at ANC.

While in M.A.S.H., Terrell learned and participated in activ-

ities such as starting an IV in an orange, dental impressions, CPR, job shadowing, and intra muscular injections.

"My favorite parts about the program would be job shadowing surgery and labor and delivery because it helped me see how the medical field really works and all the proper things that you must do. I am really interested in both of those fields, and it was nice experiencing a small dose of it," said junior Madison Terrell.

Junior Madison Terrell attended the M.A.S.H. program during the summer of 2017.

October 27 – Pirate Football at Jonesboro Westside at 7:00 p.m.

November 2 – Pirate Football vs. Harrisburg at 7:00 p.m.

Kuykendall and Buchanan Attend Girls State

By HALEY LANGDON

Every year the Gosnell High School faculty chooses two juniors to attend an event known as Arkansas Girls State located at Harding University in Searcy, Arkansas.

Seniors Z'kiah Kuykendall and Katie Buchanan were chosen to spend a week learning about how the government system works.

While at Girls State they met, Governor, Tom Cotton, along with the members of the Arkansas Supreme Court system.

Katie Buchanan said, "Girls State was an amaz-

ing experience. I was really worried about how it was going to be, not knowing anyone there. It was definitely a great experience, giving me a little taste of what college would be like."

Z'kiah Kuykendall replied, "I enjoyed meeting the group of girls I spent an entire week with. Our memories will last a life time. Girls State is one of the best experiences I've ever had in my life. Have you ever spent a week with over 1,000 girls with no attitudes and all smiles? That's what Girls State was."

Senior Katie Buchanan poses for a picture inside the Capitol during Girls State.

Project Heart at ASU

By HALEY LANGDON

Juniors Haley Langdon and Mallory Williams received the chance to spend three days, and two nights at Arkansas State University, to learn about the different medical professions that Arkansas State offers. While at Project Heart they became CPR certified and were trained in using an AED.

They also practiced the different suturing techniques on bananas.

Mallory Williams said, "I had a good time being with a small group of people, and learning how to suture the banana. I can still suture using the techniques they showed us."

Haley Langdon said, "We got the opportunity to job shadow at NEA Baptist Hospital in Jonesboro, Arkansas. I think this camp was a good experience, I would have never been able to go if it weren't for our school counselor, Mrs. Williams."

Freshman Year at Gosnell High

By MIA HENDERSON

As the class of 2021 begins their freshman year at GHS, we surveyed a couple of them to find out how their first year in high school is going so far.

Najhay Field says, "My freshman year is great so far. I am just glad to be out of junior high and to be able to do more things."

Shadiamon Daniels says, "I love it! It's only 45 minutes a class. The only thing I don't enjoy is taking so many notes and then having a test over them. The halls are also always very crowded."

Alexa Snyder says, "Freshman year for me has been great so far."

Emily Brizendine says, "I like most of my classes, but being in such a big place with so many people is new and kind of scary to me. I have had more homework in the past week than I have in the past two years."

Maycie Terrell says, "So far everything has been good. Hopefully I'll end the year on a good note."

Brayden Burcham says, "It's been good so far, and in my opinion it's a lot better than junior high."

J.J. Chapman says, "At first everything was confusing in the beginning, but now everything is going

good."

Alexandra Crosskno says, "For me, high school is basically just like any other year."

Skyler Langdon says, "Pretty good so far because all of my teachers seem really laid back."

Alex Brothers says, "I'm feeling alright about it. Nothing has went wrong so far."

Druw Reynolds says, "It's really good so far. It's so fun, and I love the teachers. It's better than junior high. Makenzi Brooks says, "So far, it's really different than junior high. It's been a change, but it started off okay."

Tanea Jones says, "My freshman year has been good so far. It's very different from junior high. I have more freedom. I'm really excited about this year."

Garrett Moore says, "Pretty stressful, but I'm slowly catching on."

Madison Walker says, "My freshman year so far is great! It's really fun. At first, I thought I would get lost, but I didn't."

Abby Hernandez says, "I feel like I am being rushed every class I attend. As a freshman, it feels like you're so small compared to the others. It's very different from Junior high. It's bigger with more people and more work, but you get more freedom so that's great. It's not as bad as I thought it'd be."
